JUNE 2017
- Developed Chrome and Edge extension chatbot that performs sentiment analysis on webpages and prompts users to discuss negative emotions
- Developed conversation tree, chatbot, texting integration, UI, and onboarding experience *(Twilio, Node, JS)*

OUTREACH

Seattle ReactJS Meetup
JAN 2019; MAR 2019
Speaker
"A/B Testing in React"

Mechanical Keyboard Meetup
JULY 2018
Speaker
"Anatomy of a Mechanical Keyboard"

ShellHacks
SEPT 2018
Speaker
"Static Website Deployment with Azure"

Florida International University
SEPT 2018
Speaker
"Preparing for Technical Interviews"

EDUCATION

Iowa State University
JAN 2018 - PRESENT
Masters
Human Computer Interaction

University Of Central Florida
AUG 2012 - MAY 2016
Bachelors
Computer Science

SKILLS

React, HTML, CSS, JS, JSX, TypeScript, Java, C++, XAML/UWP, Node.js, Pubsub, Polymer, Sketch, Photoshop
